

Prophix's Excellent Customer Satisfaction Recognized By BPM Partners

Prophix's Corporate Performance Management Software continues to disrupt midmarket FP&A

June 28, 2019 Prophix Software, a global leader in Corporate Performance Management (CPM) software, has been recognized as a dominant vendor by BPM Partners, a leading independent authority on business performance management.

In their recent *Vendor Landscape Matrix*, BPM Partners acknowledged that Prophix continues to influence its market segment with a sizeable community of over 3,000 customers. Prophix's CPM software was categorized as a highly flexible, comprehensive solution with a clean user interface and powerful modeling capabilities.

BPM Partners measured customer satisfaction for 15 key attributes in their annual Pulse survey, which had responses from over 360 companies. Prophix's customer satisfaction was classified as "Excellent," with high rankings for customer support and value.

"Prophix customers are among the most satisfied in the industry," said Alok Ajmera, President and COO of Prophix Software. "We take great pride ensuring customers have the solutions they need, when they need them."

In a recent webinar hosted by IndustryWeek, Craig Schiff, CEO of BPM Partners and the leading independent authority on Business Performance Management, discussed the evolving vendor landscape and the expanding role of Artificial Intelligence. A recording of the webinar [can be viewed here](#).

Schiff's presentation revealed:

- BPM Partners' core list of performance management vendors for 2019,
- BPM Pulse 2019 vendor customer satisfaction ratings, and
- The second annual BPM Pulse Awards

Prophix earned excellent ratings for:

- Budgeting/Planning Functionality
- Financial Consolidation Functionality
- Reporting Functionality
- Customer Support

About BPM Partners

BPM Partners is the leading independent authority on business performance management (BPM) and related business intelligence solutions. The company helps organizations address their budgeting, planning, financial reporting, regulatory compliance, profitability optimization, key performance indicator (KPI) development, and operational performance challenges with vendor-neutral experts who can guide companies through their BPM initiatives from start to finish while both reducing risk and minimizing costs.
